

THE SEVEN TEACHINGS POSTER SETS

THE SEVEN TEACHINGS

Love, Respect, Courage, Honesty, Humility, Wisdom, and Truth,
The Seven Teachings are the foundation to living the Good Way of Life.

LOVE

The Eagle

Love is a powerful emotion or feeling of affection for another person, place or thing.

The Eagle carries the gift of love because of its unique relationship with the Creator. Only the Eagle has the ability and strength to fly higher than any other animal, therefore placing it closer to the Creator than all others.

Eagles are loving parents and teachers to their offspring, protecting and guiding them.

The Eagle feather represents the Creator's love for us and our need for greater understanding of ourselves and each other.

Native people hold the Eagle feather close to their heart and consider receiving an Eagle feather to be the greatest gift.

RESPECT

The Bison

Respect is the special esteem or consideration in which one holds another person, place or thing.

The Bison carries the gift of respect because for as long as we have been here, we have sustained our lives through the Bison in terms of clothing, food, shelter, and expanding ourselves in art.

Native people depended on the Bison for survival and used every part of the animal - hides for tipi and clothing, bones for tools and toys, meat for food, tendons and sinews for sinew and bow strings, horns for cups and spoons, and brains for hide tanning.

The Bison is a symbol of life guided by the Creator's love humbly with a sense of balance.

Native people have seen the Bison driven to near extinction. With the renewal of Native traditions, there is a preservation and revitalization of the Bison that is alive and strong today.

COURAGE

The Bear

Courage is the ability to face danger, fear or change with confidence and bravery.

The Bear carries the gift of courage because of its strength and natural ability to overcome challenges.

A mother Bear, for example, will stand against much larger, stronger animals to protect her cubs.

Just as the Bear hibernates during the winter and reawakens each spring, we too need rest and rejuvenation.

The Bear shows us how to live a balanced life, where there is time to be playful and a time to be serious and courageous.

Native people believe that the Bear calls them to awaken the potential within themselves and to stand up for what they believe in.

HONESTY

The Sable

Honesty is speaking and acting truthfully, and thereby remaining morally upright.

The Sable carries the gift of honesty because it is closer to the Creator than to humans.

It is believed that the Sable walks among humans to remind us of the Creator's wish for us to remain true to our natural form.

Animals such as being true to our spirit and accepting who we are will guide us in being honest.

Native people believe in the wisdom of the Sable and honor it with acceptance and respect.

HUMILITY

The Wolf

Humility is being humble, not arrogant.

The Wolf carries the gift of humility because of its giving nature and devotion to protecting and working for the good of the Wolf family and the welfare of the pack.

Wolves mate for life and are generous and loving parents, setting an example of what our communities and family systems should be.

Native people have great respect for the Wolf because of its love for family and its protective instincts.

WISDOM

The Beaver

Wisdom is the ability to make decisions based on personal knowledge and experience.

The Beaver carries the gift of wisdom because it utilizes its gifts to create a world for itself and its family.

The Creator gave the Beaver large teeth and the knowledge of how to build. This has enabled the Beavers to positively impact its environment and create a new sustainable world.

Wisdom means knowing what your limits are with respect to your body and the life around you.

Native people understand and learn from the Beaver because it is intelligent and productive.

TRUTH

The Turtle

Truth is to know and understand all The Seven Teachings given to us by the Creator and to remain faithful to them.

The Turtle carries the gift of truth because it is one of the oldest animals on our planet, and is said to have witnessed Creation.

The Turtle is grounded, methodical, careful and attentive to details - important qualities for those who speak the truth.

The laws of time and life are recorded on the back of the Turtle. There are 28 outer scales representing the 28 days between full moons and the 28 days between a woman's cycle for creating and bearing life. There are also 13 inner scales that represent the 13 times the Moon circles the Earth each year.

For Native people, the Turtle is the reminder of the Creator's teachings from the beginning of time.
